

ALEX BARDI

FOUNDER/BARDI HEATING,
COOLING AND PLUMBING

“

I was originally recommended to Vistage by my Banker and visited the group to learn more. There I met a group of like-minded CEOs and Business Owners who were working to grow their Business just like I was.

The Chair/facilitator of the group was Alan Lowe and I soon began to see the power of the group and the Vistage process. I received honest and valuable feedback from the other members of the group; which led to me making better decisions.

In addition to monthly meetings of the group, I conducted monthly One to One meetings with the Chair. Alan Lowe has tremendous business knowledge. His specialty is Leadership and he brings much wisdom in developing entrepreneurs. Alan is a wonderful teacher. He challenges me when I am in my comfort zone, holds me accountable, ensures that I stay the course and has been a true mentor and coach in my life.

My membership in Vistage lasted for more than 12 years and the members of our group are still my friends today. Alan continued to support me as I exited my business and we are still close friends. Vistage is well worth the investment and made a significant difference in my life.
